ADDENDUM #1
REQUEST FOR QUALIFICATIONS
BROWN BRIDGE DAM REMOVAL AND RESTORATION
BOARDMAN RIVER
EAST BAY TOWNSHIP, GRAND TRAVERSE COUNTY, MI
AMEC Project Number: 3310110027
April 11, 2012

Builders Exchange of MI Project Number: 2012-OE14 East Bay Township – RFQ
Demolition and Restoration Services BROWN BRIDGE DAM REMOVAL AND RESTORATION

A non-mandatory conference call for the Request for Qualifications (RFQ) was held on Tuesday, April 10, 2012 at 3:00 PM Eastern Daylight Time (EDT) as outlined in the above-referenced RFQ. However, the access code for the conference was incorrect. Several potential responders were unable to connect. AMEC Environment & Infrastructure, Inc. (AMEC) will hold a second, non-mandatory conference call on Monday, April 16, 2012 from 3:00 to 4:00 PM EDT for those contractors that were unable to participate on the April 10 conference call. Note, this is not a mandatory conference call.

Please call using the following conference call number and password:

- Dial 1-877-402-9757
- At prompt, enter Access Code 3329306 followed by the # symbol
- At prompt, press #
- If the Host has not yet arrived, you will hear music until the Host joins the conference call.
- If you are having difficulty accessing the conference call please contact Sandra Sroonian at AMEC’s Traverse City office at (231) 922-9050.

Be prepared to provide only contact name and information for one team representative. No questions will be taken during the conference call.

For clarification purposes, please note the following relative to the information provided in the RFQ dated April 3, 2012.

1. The SOQs submitted will be evaluated on the experience and qualifications of the entire project team, not just the prime contractor, if applicable.
2. AMEC’s Terms and Conditions provided as Attachment A of the RFQ may be modified based on AMEC’s final negotiations with the client.
3. As stated in Section 7.0 References (page 4 of the RFQ), three references for similar projects completed within the last five years should be provided. Note that references will be required for relevant projects for not only the prime contractor, but also all teaming partners and major subcontractors. Therefore, three references should not be considered the maximum number of references that would be included within the SOQ submittal. Three references will be required for each subcontractor as well.
